Mr. Brown is the author of three consumer guides that focus on bankruptcy and personal injury law:

- Get Out of Debt: Secrets Your Creditors Don't Want You To Know
- 10 Must Know Secrets To The Life You Dreamed of After Bankruptcy
- I Survived!: The Crash Victim's Guide To Dealing With The Aftermath

In the feature, James Brown was posed the following question: "What is the one big business idea you would give business owners to help them thrive in our current economy?" Mr. Brown replied, "In a changing economy, it's time to get lean and mean. Big business does it all the time, but consumers should do the same. Eliminate debt, restructure your budget and make some sacrifices until the economy improves. Don't overlook bankruptcy protection as the most powerful tool in your toolbox to help position yourself to get through tough times."
